

# KEIRON PAVARD

## DATA ENGINEER

### PERSONAL PROFILE

Fresher Data Engineer who is experienced in pipeline building and analytics. Seeking to leverage my technical and analytical skills to drive growth of the organization.

### SKILLS

Data Engineer, Data Analytics , Data Visualization, Machine Learning, Statistical Modeling, Predictive Modeling, MongoDB, PowerBI, Tableau, Python, MySQL.

### WORK BACKGROUND

#### ZF Group

**Data Engineer Associate, August 2020 - till date**

Developed a dashboard in Cognos BI to track and analyze the drop rate of high-end components in Automatic Pick and Place Machine in Hannover, Germany. The dashboard helped the business to find a faulty feeder which when corrected reduced the number of drops by 35% per day.

### EDUCATION

**B.Tech(Electronics and communication) from Government College of Engineering, Pune in 2019**

**PG Diploma (Data Science and Engineering) from Great Lakes Institute of Management in 2021**
