

# DAMIAN ROSSIER

## JUNIOR DATA SCIENTIST

### PROFILE

Expertise EDA modeler. I like to learn what my data contains and how well I can model it depending on the problem. I can also leverage different visualization tools to aid the understanding of the extracted data and finally use the required ML algorithm to get an outcome.

### SKILLS

Data Analysis, Business Analysis, Machine Learning, Regression Analysis, Time Series Analysis, SQL, Base SAS, Python, NLP, Credit Risk, Tableau, Statistical Analysis, Data Visualization, Data Science, R, Power Bi.

### EXPERIENCE

#### **Passionate Solution**

Jr. Data Scientist, Feb 2020 - Ongoing  
Performing EDA and then clean the data to fit a model over it.

### EDUCATION

**B.CA KVoCT, Pune 2018**  
**M.CA KVoCT, Pune 2020**

### PROJECTS

Price Forecasting using Time Series Analysis  
Reliability Analysis of Non-Repairable Tractor Parts  
Determination of Likelihood of purchase

### ACTIVITIES

Advanced Formulas & Functions in Excel  
Introduction to R  
Google Analytics for Beginners
